Hello , today i was denied a check due to having to evacuate . I'm not in the miles radius but due to the fact (b) (6) asked that i pack her up and leave because of the toxins not being identified by name she didn't want her effected . Was there anyway you could help me on reimbursement. Also i have to make drs appointments for my daughter and she has no insurance so i haven't been able to take her because i can't afford to pay out of pocket . My lawyers asked that i contact you guys first before making and filing a claim against you guys . I do t want anything for myself i just need funds to pay for dr visits and medications for my daughter. Thanks
